With the power of the new Hisilicon quad-core chip, the Himmedia Q1 IV delivers the smoothest, sharpest Ultra HD (Ultra HD – 4K2K) video playback with 8-core graphics. The 4K2K UHD playback video playback feature delivers ultra-smooth, ultra-sharp, labored images that produce detailed, edge-to-edge shots for today's best experience. Specs Android TV Box Himedia Q1 IV - CPU: Quad Core Fissus -A7 - GPU: Quad Core Mali - 400 - RAM: 1GB - Internal Memory: 8GB - Operating System: Android 4.4 KitKat - AV Port Support, USB 3.0 Android 4.4 KitKat Himedia Q1 IV gives users the latest experience of Android 4.4 KitKat. Hardware decoding H.265 H.265 is the next-generation video compression standard for H.264 and H265, which can double the data compression rate to the same image quality compared to the H.264 compression standard. Compared to the H.264, the H265 can transmit the same video quality data in one bandwidth, allowing users to enjoy high-resolution video even in very slow Internet speed environments. The USB 3.0 Himmedia Q1 IV integrates a USB 3.0 port with a USB 2.0 standard that is 10 times faster to replicate data. This is the latest USB standard that allows you to copy faster and more conveniently so that you can watch movies on an external hard drive. In addition, the Himmedia Q1 IV has a USB 2.0 port. BluRAY-ISO and 3D BLURAY-ISO Hermedia Q1 IV play support – supports all the most challenging formats, from Blu-ray ISO to 3D Blu-ray ISO, and subtitles from BD-ISO and 3D BD-ISO play are fully supported. XBMC Media Center XBMC is an indispensable entertainment center on Android TV Box, allowing users to customize video playback, music, TV, Ford Coast.... With the Hindia Q1 IV quad core, the XBMC is preinstalled. Supports hardware video decoding. Google Play Google Play is built into the Himmedia Q1 IV firmware, making it easy to download apps from the Google App Store. SKYPE - Easily connect your close friends using the built-in Skype Himmedia Q1 IV firmware, so you can easily connect with friends, family, relatives wherever you are in the world. The built-in WiFi Himmedia Q1 IV supports WiFi (2.4GHz 802.11b/g/n) with an external antenna that enhances wi-fi catch from afar. It's easily connected to all internet and security standards, so you can easily share everything over WiFi. AirPlay AirPlay makes it easy to share photos, videos, and music to your TV on IPhone, Ipad, and iPod. AirPlay mirroring lets you import images from your iPhone, iPad, and iPod touchscreens to your TV screen. What you see is what you see on TV! Miracast makes it easy to mirror images from your Android phone/tablet to your TV screen - Android OS's Miracast feature. HiControl HiControlHi Control is HImedia's Android control software, which can be easily downloaded for free from CH Play. So far you already know, whatever you are looking for, you are sure to find it on AliExpress. We literally have thousands of great products in every product category. Whether you're looking for a high-end label, cheap or looking for a bulk economy purchase, aliExpress is there. You can find official stores for your brand. With small independent discount sellers, all of whom offer fast shipping and reliable, as well as convenient and secure, payment methods, no matter how you choose to spend. AliExpress will never be beaten with choice, quality and price. Every day, you'll find opportunities to save more by collecting new online-only events, store discounts and coupons. But you may need to hang out quickly because this top consumer electronics appliance is set to be one of East Sea the most popular bestsellers at the time. Think about how jealous your friends will be when they say they got consumer electronics from AliExpress. You can make bigger savings with online lowest prices, lower shipping rates and local collection options. If you're still in two minds about consumer electronics and are thinking about choosing a similar product, AliExpress is a great place to compare prices and sellers. We'll help you work out whether it's worth paying extra for the high-end version or whether you're getting a good deal by getting a cheaper item. And, if you just want to treat yourself and start out on the most expensive version, AliExpress will always make sure you get the best price for your money, even let you know when it's better to wait to start a better promotion, and the savings you can expect to make. AliExpress prides itself on making informed choices when making purchases at hundreds of stores and sellers on the platform. All stores and sellers are rated by real customers for customer service, price and quality. You can also read comments and reviews from users to see your store or individual merchant ratings, as well as compare prices, shipping, and discount offers for the same product. All purchases are star-grade, and there are often comments from previous customers explaining their trading experience so that they can make a confident purchase each time. In short, you don't have to take our word for it - just listen to our millions of happy customers. And, if you're new to AliExpress, we'll let you on the secret. You can save even more by taking a moment to check your offer just before you click 'Buy Now' during the transaction process. You can find store coupons, Ali Express coupons or you can collect coupons every day by playing games in the Ali Express app. And, as most of our sellers offer free shipping - we think you will agree that you are getting this consumer-electronic product at one of the best prices online. We've always talked the most about the latest technologies, the latest trends, and labels. AliExpress offers high quality, price and service as standard every time. Right here, you'll be starting the best shopping experience you'll ever have.
